Women and men who do Science for you

The **September 30**, at the same time that other 250 European cities, the European Researchers' Night was held in the eight Andalusian capitals. The ERN is a European project sponsored by the European Commission under the Marie Curie Skłodowska Actions in the Horizon 2020 program.

This is a Europe-wide public event dedicated to popular science and fun learning. Its main objective is to bring the scientific research to citizenship and show its impact on everyday life, in interactive and engaging ways.

The project, coordinated by Fundación Descubre, brings together the participation of scientific institutions in the eight Andalusian provinces: Consejería de Economía y Conocimiento, the nine public universities in Andalusia, Consejo Superior de Investigaciones Científicas (CSIC), Andalusian Foundation Progress and Health, and IMGEMA-Royal Botanical Garden of Córdoba.

The IMSE staff took part in the tents 2 (US), 3 (CSIC) and in the Kid Corner (tents 8 and 9) at Plaza Nueva, as well as in CICUS at CI Madre de Dios, 1.

**Participation of the IMSE-CNM****Carpa 2 · Universidad de Sevilla**

18.00-18.45 **¿Cómo construir robots con Arduino?** Piedad Brox. Grupo de investigación Diseño de Circuitos Integrados Digitales y Mixtos (US). **CANCELLED**

20.00-20.45 **Experimentos científicos "Contar la física"**. Gloria Huertas, Felipe Gutiérrez y Pablo Pérez. Grupo de investigación Diseño y Test de Circuitos Integrados de Señal Mixta (US).

Tent 3 · CSIC

22.00-22.30 **Sensores de imagen inteligentes**. Ricardo Carmona. Instituto de Microelectrónica de Sevilla (IMSE-CNM).

Tents 8 and 9 · KID CORNER

22.00-22.30 **Taller de Robótica "El Mundo de los Chips: Ciencia e Ingeniería"**. Ricardo Carmona. Instituto de Microelectrónica de Sevilla (IMSE-CNM).

Centro de Iniciativas Culturales de la Universidad de Sevilla (CICUS)

20.30-21.30 **Teatro. Edison vs Tesla, teatro de divulgación**. Gloria Huertas. Facultad de Física (US).
